Extender for height adjustable aluminum columns in different versions

2 galvanized wall

Brackets and wing lock for locking the side wings in

## **PRODUCT**

Motorized display stand with extended 70 cm height adjustment. Can be mounted to a wall.

The SCETAP3535 stand is designed for large format displays up to 100". The solution includes a sturdy display mount offering integrated cable management and featuring two "pull & lock" brackets for quick and easy mounting of the display.

The SCETAP3535 features a 3-tier column with extended 70 cm of height adjustment. It provides minimum clearance for small children or people in wheelchairs to access the display and maximum clearance for the teacher to present.

A 0.3" thick, solid steel plate secures to the motorized center column. Designed for static, freestanding applications or to add stability to wall mount systems, secured to e.g. a stud wall. The floor plate features cut-outs / handles for easy transportation. It comes powdercoated in grey aluminum.

The unit comes flat-packed in 2 cartons and is courier shippable.

## **FEATURES**
