

FREESTANDING COUNTERWEIGHT PYLON-SYSTEM FOR MONITORS FROM 65-86"

MANUALLY HEIGHT ADJUSTABLE WITH 2 WHITEBOARD WINGS

PRODUCT

This free-standing, manually height-adjustable counterweight system for monitors is compatible with all touchscreen displays available on the market, from 65" to 86" screens.

The display bracket slides between the two pylons so that the height of the display can be adjusted manually. It is hold in its place due to the counterweights on de back of the system. This ensures that every user can work and present at the ergonomically best height.

The two whiteboard wings enable digital and analog working with this system. Both sides of the 2 whiteboard wings can be written onwith whiteboard markers, the are dry wipeable and magnetic.
