

HEIGHT ADJUSTABLE MONITOR WALL MOUNT, LITE SERIES

BLACK, WITH ANTI-COLLISION, CENTER TO FLOOR 750 - 1450 MM

PRODUCT

Motorized adjustable wall mount for 55"-86" (interactive) touch screen. The single-column, floor-to-wall design, guarantees maximum stability & safety.

The mount comes standard with a wired remote control, allowing the user to raise and lower the screen with a simple touch of the button. The high-speed actuator has an unsurpassed speed of 1.85"/47mm per second.

Conen cares about classroom safety. The motorized mount features an anti-collision sensor that detects objects that are in the way during operation. If an obstruction is detected, the system stops and reverses the operational direction.

The RLI10070WBK monitor mount also offers an extended 700mm/27.6" of smooth motorized height adjustment giving everyone, even those in early grades or in a wheelchair, to participate.

The integrated display mount allows for displays with maximum weight of 136kg/300 lbs. and a max. VESA 800x600 pattern. Two "pull & release" locking brackets ensure quick and easy mounting of the monitor.

The unit comes disassembled and ships in two, courier-shippable, cartons.

Accessories

Keyboard shelf for LITE series

Front shelf
